Zilopet® Smellkiller – the first pet brush that works for itself

Who hasn't experienced it: watching your favorite pet enjoy a roll in the mud or a good splash in the local pond. The end result is always pretty much the same. Bath time for your furry friend, but where's he gone now? And the bathroom is always such a mess to clean up afterwards.

Zilopet® offers a fast solution that even your pet will enjoy. This pet brush with integrated Smellkiller cleans your pet's coat of dirt and eliminates odors at the same time. Simply brush your pet's coat with Zilopet®. The bristles clean the fur, and the integrated Smellkiller neutralizes odors. Your furry friend will thank you for it!

- Suitable for all pets with fur
- Can be used on wet or dry fur.
- Has an integrated water tank

Warning:

The Smellkiller is made out of a special high-grade stainless steel. People with chrome or nickel allergies should avoid direct skin contact. The Smellkiller is designed solely to remove odors; it is not suitable for removing any other dirt or stains.
